

# CompTIA A+

## Preparatory Course

### **About CompTIA A+**

The Computer Technology Industry Association (CompTIA) is an industry recognised professional organisation. Therefore this Certification will make your CV stand out and can enhance your career prospects. CompTIA A+ certification confirms a technician's ability to perform tasks such as installation, configuration, diagnosing, preventive maintenance and basic networking.

You will be able to demonstrate your understanding and skills in computer technology. This includes building, installing, configure and upgrading computers. Studying a computer maintenance course in your own time also shows your commitment to the subject, and to your personal development.

### **Job roles with CompTIA A+**

---

The LightSparc CompTIA A+ course provides the right qualifications for you to become an IT support technician. If you are good with people and enjoy solving problems, then an IT Support Technician role could be ideal for you.

The CompTIA A+ course is also useful for those in careers that require IT knowledge outside of the formal IT job role, such as technical sales or other non-technical jobs that require an understanding of computer repair issues.

The LightSparc CompTIA A+ course is ideal for your career paths and The CompTIA A+ certification is recognised worldwide.

### **CompTIA A+ Exam**

---

Two exams are necessary to be certified: CompTIA A+ Essentials, exam code 220-801; and CompTIA A+ Practical Application, exam code 220-802.

**CompTIA A+ Essentials** measures the necessary competencies of an entry-level IT professional. It tests for technical understanding of computer technology, networking and security, as well as the communication skills and professionalism now required of all entry-level IT professionals.

**CompTIA A+ Practical Application** is an extension of the knowledge and skills identified in CompTIA A+ Essentials, with more of a "hands-on" orientation focused on scenarios in which troubleshooting and tools must be applied to resolve problems.

## Venue

---

All classes will be held at the LightSparc Training Center at the corner of Jeremy Street and Chaussee Road above the Cadasse Bakery.
